DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on May 21, 2004 has been entered.

Allowable Subject Matter

2. Claims 1-20 are allowed.

3. The following is an examiner's statement of reasons for allowance: As mentioned in item 3 of the Office action dated December 8, 2003, no prior art has been found to teach or suggest applicant's combination of an output request unit, preservation location data reading unit and transfer request/receiving unit, as recited in base claim 1. Base claim 20 recites a method corresponding to the system recited in allowed base claim 1, and is allowable for similar reasons. Amendments to the claims (changing high resolution to a first resolution, and changing low resolution to a second resolution lower than the first resolution) are not seen to affect the allowable status of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
